NOW \$11.95 ea.

Filter Frog®

Fresh Mineral Water for hot tubs. Fits inside your filter cartridge. Lasts 4 months.

CF01143724
SPA FROG® Filter
NOW \$37.95 ea.

*Compared to the minimum EPA recommended chlorine level of 1.0 ppm for a stabilized swimming pool and to the minimum ANSI recommended bromine or chlorine level of 2.0 ppm in a spa.

Chemicals

Pool Stabilizer Saves on Chlorine

Minimizes chlorine loss that is due to sunlight's ultraviolet rays. Extends chlorine's active life. 99% dry, granular cyanuric acid. (3 lbs.)

CB235300 Pool Stabilizer **NOW \$12.99**

Fast-Acting Tile & Vinyl Cleaner

Effectively removes oil, grime and scale deposits from the surfaces. Fast-acting, extra strength formula is safe for all pool surfaces. Convenient and easy to use liquid. (1 Quart)

CB235410 Tile & Vinyl Cleaner **NOW \$6.99**

pH Plus

Raises damaging, low pH to acceptable levels. Sodium carbonate, granular soda ash. Effective and economical.

CB2354005 6 lbs. pH Plus **NOW \$9.99**
CB2354012 10 lbs. pH Plus **\$14.95**

pH Minus

Dry acid. Lowers high pH to acceptable levels. Granular sodium bisulfate. More convenient and safer to use and store than liquid acid.

CB2354003 3 lbs. pH Minus **NOW \$6.99**
CB2354007 6 lbs. pH Minus **\$9.99**

Alkalinity Plus

Increases total alkalinity to acceptable levels. Helpful for stabilizing and maintaining correct pH levels. Convenient, dry powder.

CB235450 4 lbs. Alkalinity Plus **NOW \$7.99**
CB235475 10 lbs. Alkalinity Plus **\$15.99**

Super Klear

4-in-1 Pool Water Clarifier

Coagulates tiny particles and oily liquids for easier removal by the filter. Removes metal deposits; cleans scum and oils at water line; improves filter operation by allowing filter to hold these particles without clogging.

CB235595 Super Klear **NOW \$10.95**

Metal Out Prevents Scaling, Staining

Chelating Agent. Removes and/or ties up calcium, iron, copper and manganese in pool water and prevents scaling and staining of pool surfaces by these dissolved substances and heavy metals. Also effective in removing newly formed and some existing stains from pool surfaces. Does not affect pH. (Quart)

CB235652 Metal Out **NOW \$10.95**

Super Chlorinator

Granular calcium hypochlorite. 65% available chlorine. Rapid low-cost source of chlorine. Ideal for superchlorination. RECOMMENDED DOSE: 10 oz. for 9,000 gals. (1 lb.)

CB235220 Super Chlorinator **NOW \$3.99**

Algaecide 50

Treats, prevents algae growth. Concentrated 50% quaternary algaecide. For use as a treatment of existing algae growths and as a preventative maintenance algaecide for larger volume pools. (1 Quart)

CB23550 Algaecide 50 **NOW \$13.99**

Algaecide 60

Treats stubborn, resistant algae. Maximum 60% polymer algaecide. Non-foaming, non-metallic. Effective at all pH levels. For use on the most stubborn and resistant strains of algae. (1 Quart)

CB235560 Algaecide 60 **NOW \$19.99**

Slow Chlorine Tablets

Concentrated 3" slow dissolving, 5 1/3 ounce, trichlor tablets. 89% available chlorine. 99% Trichloro-s-triazinetrione. Use 1 tablet per week, per 5,000 gallons. 100% soluble.

CB235325* 25 lbs. Slow Tabs **NOW \$94.95**
CB235350* 40 lbs. Slow Tabs **\$139.95**

*Additional handling applies—see page 42

Quick Chlorine Tablets

Quick dissolving, highly concentrated, 2" trichlor tablets. 59% available chlorine in each 2 oz. tablet. Use 1 tablet per 8,000 gallons daily. 66% Available trichloro-s-triazinetrione.

CB235125* 25 lbs. Quick Tabs **\$94.95**
CB235150* 40 lbs. Quick Tabs **\$139.95**

*Additional handling applies—see page 42

Green to Clean®

Green to Clean is specifically designed to work with all types of chlorine in addition to salt generators. Fast clean-up of green, mustard, brown and pink algae and no brushing is required. Simply add to your pool prior to the shock treatment. Together, you'll see results in just 24 hours.

2 lbs. per 13,000 gallons.

Sand Aid

Improves filter efficiency by removing minerals and oils. Precoats sand beds. Safe for all filter systems. (3 lbs.)

CB235103 Sand Aid **NOW \$18.99**

Master Blaster Cleaning Wand

This powerful cleaning wand blasts away dirt from both the inside and outside of swimming pool cartridges. Can also be used on clogged pipes, algae removal, leaves and debris in gutters and various other applications. Simply attach your garden hose and start cleaning.

ACS-AGMBC75 Master Blaster **NOW \$14.99**
Save \$5 with any cartridge purchase NOW \$11.99

Filter Flush

Acid action dissolves scale while powerful detergent melts scum. Effectively removes scale and rust deposits that accumulate on filters. Regular use promotes better filtration, lengthens filter cycles and reduces maintenance costs. Cleaner, clearer water. Safe for sand, d.e. or cartridge filter systems. (Quart)

CB235311 Cleaner & Descaler **NOW \$12.99**
SAVE \$4.00—Buy 2 or more at \$10.99 ea.

Cartridge Degreaser

Dissolves oils, grease and grime from filter cartridges. Easy to use. Spray on, agitate with a brush and wash away. The formulation is safe to use on all filter elements. (Quart)

CB235309 Degreaser **NOW \$13.99**
SAVE \$4.00—Buy 2 or more at \$11.99 ea.

Cartridge Cleaner

This quick spray, easy to use cartridge cleaner cleans dirty filters fast! Simply hose down cartridge then use this spray and rinse. For extremely dirty cartridges, it can also be used as a soak. Dilute in 10 gallons of water in a large container and soak overnight for a "like new" clean.

CHEM-BDCART32 Quick Spray Cartridge Cleaner **NOW \$19.95**
SAVE \$4.00—Buy 2 or more at \$17.95 ea

Quick Wash

Clean your sand filter system with this new quick wash. Regular use promotes better filtration and reduces maintenance costs.

CB2350 Quick Wash—Sand Filter Cleaner **NOW \$13.99**

Sacrificial Anode

A sacrificial metal anode is used to protect critical metal components in a salt system swimming pool. Simply plumb this anode kit into your existing piping and attach ground wire to a metal object. Make sure that your pump and motor are grounded properly as well. This anode will inhibit corrosion as it is electrolytically decomposed while the metal object remains free of damage. Improper salt levels as well as other improper chemical levels may corrode the structure of your pool. Protect your investment. Install an anode today!

FPT104D	NOW
Sacrificial Anode	\$99.95
FPTP/104R-KIT	NOW
Replacement Zinc Kit	\$52.00

Salt Protect

Environmentally Friendly, Salt Protect removes and prevents stain and scale. Controls metal, including iron, rust and corrosion problems while stabilizing pH and will not add phosphates to the water. One quart treats 20,000 gallons.

CHEM-BDSALT32 Salt Protect

NOW
\$21.99

Salt Generators

Easy and Effective

Chlorine is the easiest, most effective way to keep your pool sanitized and the easiest and safest way is to generate your own chlorine at a constant low level. We've chosen AutoPilot salt generators because they have been the technological leader in the chlorine generation process for swimming pools since 1976. With over 200,000 satisfied AutoPilot owners worldwide, they set the standard for dependability, features, performance and have a unit to fit every need and budget.

With an AutoPilot you will no longer experience the discomfort and inconvenience of harsh chemical reaction like red eyes, green hair, itchy skin or faded swimwear. AutoPilot automatically delivers a constant low level of pH balanced chlorine to sanitize your water while making it soft and silky to the touch. The salt is poured directly into your pool water and dissolves quickly during circulation.

Because AutoPilot generates and delivers chlorine to your pool automatically, there are no more worries about buying, transporting and storing chlorine. And because a constant low chlorine level does not cause the wide fluctuations of over and under chlorination, you drastically reduce the need to monitor, purchase and add other balancing and maintenance chemicals. Salt is natural, economical and available everywhere. It is environmentally friendly and the best part is that the salt is at a much lower level than is found naturally in the body and even in contact lens solution, so there is no "salty" taste to the water.

For Kayak Pools®, the in-line unit is easy to install. It must be grounded and bonded to the pool equipment. It is plumbed into your pool's circulation system and generates chlorine while the pool pump is running. A sacrificial anode should be installed to protect the metal structure of your pool. Please refer to the Owner's Manual for installation and operating instructions.

Protect your investment!

Proper monitoring of salt concentration levels is critical in controlling metal corrosion. Salt levels should never exceed the maximum concentration recommended by the manufacturer. In addition, all metal components must be bonded according to accepted installation practices.

Always install a sacrificial anode when using a salt generator

Solar Blankets/Solar Heaters

Solar Blanket Covers

Our covers are made with an incredibly strong but lightweight resin. They have 2" wide flat seams, reinforced top and bottom. Bubbles expand with heat exposure and greatly reduce the time to heat your pool. We have the strongest solar covers available with limited 3 year and 5 year warranties.

*Remember—bubble side down in water.

Heaters

Heat Exchanger

Tropical Heat Pump

Maximize your Investment

Extend your swim season and maximize your investment with a heat pump from AquaCal. Your family can exercise, relax and swim in warm water even when there is a chill in the air.

A heat pump uses nature's "free heat" from the air to heat your pool water. Electricity is only needed to transfer the heat, not create it. It is significantly less expensive than gas or electric heating and it is a safe and trouble-free way to heat your pool.

AquaCal heat pumps are easy to own and operate. Only AquaCal offers a Titanium heat exchanger that is a high-tech, super strong metal that is impervious to pool chemical corrosion and is virtually indestructible.

AquaCal is smart for the environment. It uses no fossil fuels, eliminates noxious gas emissions, programmable thermostat for stable temperature control and saves energy by transferring heat from the air rather than creating heat. Limited lifetime warranty.

- Requires a 220 line
 - Keeps pool heated for the entire season over 80 degrees
 - Titanium Heat Exchanger
 - Digital Control
 - Drain Plug for easy winterization
 - Requires a 30 or 40 amp breaker (depending on BTU size)
 - **Cost Savings: In most states, about one third the price of gas**
- *Call for details*

Privacy Screens/ Fiberglass Panels

Privacy Screens

NEW!
NOW AVAILABLE
IN GRAY & TAN!
Call for details

Introducing custom made privacy screens for Kayak Pools®. This brilliant alternative to fiberglass is currently available in a vibrant pacific blue fabric, gray and tan. Because the color becomes part of the fiber, the color intensity will not be diminished by sun, wind, or rain. This acrylic fiber resists mildew and unlike fiberglass will not harden, crack or peel.

Each panel comes complete with sewn seams, brass grommets and white marine rope. Simply remove your fiberglass and "lace" it around your existing J-Channel. When replacing fiberglass, we suggest that you install a minimum of three pickets to strengthen the fence section.

Create the look you want. Available by linear foot once the 8 ft. minimum is met. Call for quote. Quantity discounts are available. Please indicate fence height when ordering.

CK4601	Privacy Screen (8 ft. section, Blue)	\$89.95

Lighting

Elite Quartz Halogen Light

Hayward's Elite Underwater Quartz Halogen pool light is engineered for installation in all above and on-ground pools. The optical lens disperses the light for full pool coverage. It can be installed anywhere for optimum lighting and doesn't interfere with the pool's filtration. The multi-colored lens kit (included) adds an elegant touch to the pool, creating a special effect or enhancing the mood. The light housing comes pre-wired with 25 feet of cord and 120V/12V transformer with on/off switch. It's 50 watt halogen light is efficient, low voltage which increases safety, fun and appearance. Cutting tool is not to be used on Kayak pool. Use as a template for hole size only!

	Retail	NOW
LITE-HSP056525A Elite Quartz Halogen Light	\$199.95	\$158.95

FLOLight

FLOLight uses the normal water flow to spin a self-contained generator to power 8 LED lights. No need to run wires or put in batteries, the FLOLight only requires water flow. If you have a directional eye flow on your return, simply remove it (all 3 pieces) and the FLOLight will screw right in. Colored lens kit also available.

EZLight™

Battery-Powered EZ Light and Pool Return

EZLight is a revolutionary above ground LED pool light/return fitting combination that operates without the need of an electrical outlet. EZLight's patented return acts as a docking station for the source of its power, which can be either a 6-volt battery or a 3-watt solar panel. EZLight uses the latest in LED technology to brilliantly illuminate your pool while providing unrestricted water flow from your pool's filtration system. Like its name suggest, it's easy to install and operate. In addition, once you have the EZlight's return installed on your pool, you have the fixture required to power future EZ products. The EZ solar Panel works in conjunction with the battery powered EZlight. The solar panel does not charge your 6 volt battery, however, the battery will act as a back-up power source if there are a few days of inclement weather. Ensure that the solar panel has clear and full exposure to the sun. On a full charge, the EZ Solar Panel will run the EZ Light for a total of 4 hours or 2 light cycles. Battery not included.

Safety—Everyone's #1 Priority!

Poolguard Pool Alarm

Perfect for your Kayak Pool or any in-ground pool, this pool alarm meets the New York Pool Alarm Code as well as Connecticut, Tennessee and California. It is NSF Certified to ASTM F 23208-08 specifications. The Poolguard Pool alarm, once installed in the pool, cannot be deactivated and is always in alarm mode. It is tamper proof and will sound an alarm when removed from the pool. Simply remove the alarm from the pool and put it into sleep mode when using your pool. This alarm works on a 9 volt battery (not included) with the battery life approximately 1 year. Audible low battery indicator at poolside as well as indicated by the in house remote receiver.

New sensing technology provides less chance of false alarms due to wind, rain and small objects such as sticks or toys entering the pool. This alarm can also be used with a solar blanket. It is the most reliable, advanced, and affordable alarm available. As with any alarm, it is not intended to replace adult supervision at any time.

SAFETY-PGRM2 Poolguard Pool Alarm

Pool Alarms may not be returned for credit.
See page 42 for details.

Kayak® Liner System

Kayak® StayPut Liner System

Unmatched Durability – You Can Snap it in Place and Focus on Fun!

Durability is key when it comes to on-ground pools—and durability is a hallmark of the Kayak® difference. When it comes to your all-important pool liner, you need the unique, long-lasting strength of the Kayak® StayPut Liner System. Installation is a snap, thanks to enhancements and updates in our StayPut design.

**15/30
YEAR LIMITED
WARRANTY**

EXCLUSIVE to Kayak®:

- Precise thickness and strength forms one continuous seal.
 - Customized patterns
- FREE Vinyl edging and How-To DVD.
- New “bead lock” vinyl edging locks your liner in place.
- All Winterized 100% pure virgin vinyl.
- 15/30 year Limited Warranty.

The Kayak® StayPut Liner system is so easy to install, you can do it yourself and save money! No need to disassemble your pool because of its unique construction.

CONSUMER ALERT: Only Genuine Kayak® Liners have our Kayak® name imprinted on the liner pattern. If it's not there, it's not a Kayak® Liner!

Liner Guard

Liner Guard helps to protect your liner from roots or other sharp objects from working their way through the sand base and puncturing the liner. It is made of durable, **one-piece fabric** that allows moisture to pass through it while being mold and mildew resistant. Easy to install. Liner slides into place with ease.

IMPORTANT SAFETY UPDATE

The **Virginia Graeme Baker Pool and Spa Safety Act** (Act) promotes the safe use of pools, spas and hot tubs by imposing mandatory federal requirements for suction entrapment avoidance. Effective December 20, 2008, the Act requires that each swimming pool or spa drain cover manufactured and distributed in the United States conform to the new American National Standard. In addition to including 2 approved main drains with every new pool purchased in 2009, Kayak Pools is encouraging previous owners to retrofit their pool with an approved main drain cover in addition to a second approved main drain.

We will include the complete instructions on how to retrofit your main drain system. Additional sealing rings, anti-entrapment covers, pipe and fittings will be available for purchase.

Now's the perfect time to update your pool and bring it up to the new American National Standards. We trust that you'll take advantage of this GREAT offer and take the time to comply with the new regulations.

Replacement Liners

Our liners fit—no matter what year you bought your pool!

Because of its unique construction, your Kayak® pool does not need to be disassembled to replace your liner.

Be certain to protect your investment with an Original Kayak® Liner. A correct fit is safer, longer lasting and problem free which means it's more ECONOMICAL. It's important to note that generic or "made to fit" imposter liners may cause installation and performance problems, tear easily and need replacement more often. They are not covered by the Kayak® warranty. Still not convinced? **ASK FOR A FREE SAMPLE.** See for yourself the quality that's only available through our Kayak Kata-logue. *We do not sell our liners to any other catalog or internet company. Don't be fooled!*

CALL US AT 1-800-526-7337 IF YOU HAVE ANY QUESTIONS.

CONSUMER ALERT: Only Genuine Kayak® Liners have our Kayak® name imprinted on the liner pattern. If it's not there, it's not a Kayak® Liner!

When should you replace your liner?

- Water loss • Liner fading • Drying • Cracking
- Brittle (above the water line) • Signs of ice damage • Splitting

The Kayak® StayPut Liner System is so easy to install, you can do it yourself and **SAVE MONEY!**

with Liner and Waterwall Kit purchase

Strongest Waterwall for a Kayak®

Remember: Kayak Catalogue is your only source for original Kayak® quality.

Quite simply, Kayak® Lifetime Waterwalls are made stronger, and last longer. There's no better Waterwall for your Kayak® pool because only ours are designed, engineered and manufactured to perfectly fit your Kayak® pool. Not adapted. Not adjusted.

They're surprisingly easy to install in one afternoon.

You don't have to take down the whole pool to install your Kayak® Lifetime Waterwalls. Simply take down the old walls, and put up the new walls. They come complete with everything you need to install them, including wall seam tape, necessary hardware and installation DVD, all FREE with waterwall kit purchase.

Don't be fooled by "look a-like walls"

Get a FREE sample and compare for yourself. Our aluminum is thicker, thus making the wall stronger. Our core is thicker and our walls are smooth, not textured. Texturing the product would give it the "feel" of a thicker product, but not the strength! Choosing to use imposter waterwalls may void your warranty.

When should you replace your Waterwalls?

If you bought your pool before 1992, seriously consider the value of upgrading to Kayak® Lifetime Waterwalls this season. Here are some other reasons and considerations: Walk around your pool. Look for bowing, buckling, or cracking. These could be signs of interior weakening or water damage that you can't see. If you see any of these signs, you should perform preventive maintenance and upgrade now, before you open the pool, for maximum enjoyment. Prevent emergency replacement or loss of swim time during the season.

Kayak® Lifetime Waterwalls maintains the investment in your pool:

- They can easily pay for themselves over time and help keep up the resale value.
- Extend the longevity of your pool.
- Give your pool a new look.
- Make your pool safer.

PROTECT YOUR INVESTMENT

Look for the Kayak® logo when your new waterwalls arrive

Here's Why They're the Only Waterwalls You Need

Exclusive plastic core engineered for light weight and exceptional strength.

Strong enough to jump or kick off.

Original materials, not reconditioned

Aluminum front and back won't chip, crack or peel (When properly installed. Prevent contact with limestone or backfills).

Attractive, reversible light platinum and white.

Kayak® Waterwall Kits come complete with:

- **FREE** installation DVD
- **FREE** installation hardware
- **FREE** installation tape

(Total kit value of \$50)

TIP: We recommend replacing your liner when you replace your waterwalls.

TIP: Replacing and upgrading all Waterwalls at the same time saves you time and money in the long run, protects your investment, and assures you of a lifetime of enjoyment. To help you, we've discounted all of our complete wall kits.

Maintenance-free and impervious to weather and insects.

Join the Club.

Loop-Loc Safety Cover

Safe.

More than a Winter Cover

Loop-Loc protects your pool, children, pets and property year-round. It brackets onto the strongest part of your pool. Your Loop-Loc cover may even reduce your liability insurance premiums.

Strong.

Enough to Hold an Elephant

Your Loop-Loc cover is the only cover strong enough to hold an elephant on an in-ground application. Non-corrosive 302 grade stainless steel springs secure your cover whatever the wind or weather.

Easy.

Strong, yet Lightweight

Easy to handle, your Loop-Loc Safety Cover clamps on in minutes. No water bags required.

LOOP-LOC

If you have a Kayak® Pool, you need a Club Kayak® Loop-Loc Safety Cover. Careful of competitors that mimic the Loop-Loc look, but not the quality. Buy from Kayak® and be sure you're protected by the Loop-Loc Safety Cover.

3/16" thick extruded chafing strips, 1" wide, as used under the cover for coping wear as opposed to hollow molded strips). They're manufactured with exclusively virgin material, not recycled or seconds.

Patented anchoring system eliminates water bags. Unique brass anchors recess flush for use with wood decks.

Non-corrosive aluminum tips are double-notched for stability.

Highest quality polyester bonded thread. (No cotton fillers that become brittle and are unacceptable for safety use.)

Durable double-thick solid polypropylene webbing straps surround entire perimeter, not just corners.

Get to the fun faster with the made-for-your-pool Kayak® Loop-Loc Safety Cover. Kayak® recommends this as the safest and strongest cover you can use, and the easiest to put on and take off, so you can spend more time enjoying your pool, and less time opening and closing it.

Don't Have a Kayak® Pool?
 Loop-Loc Covers may fit other types of rectangular pools
 And... there's no additional charge—Call for details.

Loop-Loc Safety Cover

Clean.

No Worries

Loop-Loc keeps out pets, pests and leaves so there's no pumping or draining the water off the top of the cover.

Fit.

Fits Like a Glove

Unlike other covers made "for use with" Kayak®, only the Kayak® Loop-Loc Safety Cover—made for Kayak®—fits your pool like no other cover. Buy from us and be sure.

Smart.

Protect your Investment

A Kayak® Loop-Loc Safety Cover—backed by a 12-year warranty—can also protect your investment and extend the life of your pool. Many commercial pools insist on Loop-Loc's highest quality polyester bonded thread.

Complete.

Everything you Need

Each Loop-Loc cover comes complete with on-ground brackets, stainless steel springs, vinyl spring covers, installation tool and poly storage bag.

Insist on the original and best.

This is a Club Kayak® exclusive, available only from this Catalogue or our website. After extensive research, we commissioned Loop-Loc to create a special edition cover made to our exacting specifications, with an exclusive Kayak® logo. It's the world's first and only mesh safety cover manufactured specifically for your Kayak® decked on-ground pool.

Benefits of Purchasing Your Winter Cover

From Kayak Pools®

- All covers are specifically designed for Award Winning Kayak Pools®
- Heavy duty Tarp Tabs every 4' on 6' overlap covers designed to work with your posts
- Heavy duty water bag loops every 4'
- Triple binding using resistant nylon threads
- Non-corrosive, non-abrasive, reinforced

Deluxe Covers

10 Year Limited Warranty

ATTENTION Kayak® OWNERS! For those of you who are keeping more and more water in your pool over the winter by using a plug for the return and the Aquador System for covering the skimmer, we now carry a 10 year winter cover with a 5 foot overlap. Each cover comes complete with a tarp tab in each corner and loops to help hold the water sleeves in place.

Order #	Swim Area		Retail	NOW
CH559001	12' X 20'	5' Overlap	\$113.99	\$76.99
CH559002	12' X 24'	5' Overlap	\$131.99	\$89.99
CH559003	16' X 24'	5' Overlap	\$166.99	\$111.99
CH559004	16' X 32'	5' Overlap	\$191.99	\$126.99

Standard Covers

6 Year Limited Warranty

Economical, durable cover. Made of strong woven polyethylene, U.V. stabilized black carbon, tapes and triple edge bindings. Tarp tabs every 4'.

Order #	Swim Area		Retail	NOW
CH569001	12' x 20'	6' Overlap	\$155.99	\$102.99
CH569002	12' x 24'	6' Overlap	\$179.99	\$119.99
CH569003	16' x 24'	6' Overlap	\$219.99	\$147.99
CH569004	16' x 32'	6' Overlap	\$292.99	\$193.99

Imperial Covers

8 Year Limited Warranty

One tough cover! Has tighter weave than our standard cover. Made of high density carbon tapes for prolonged outdoor exposure. Tarp tabs every 4'. Our most popular cover!

Order #	Swim Area		Retail	NOW
CH569101	12' x 20'	6' Overlap	\$189.99	\$128.99
CH569102	12' x 24'	6' Overlap	\$217.99	\$146.99

CH569104	16' x 32'	6' Overlap	\$336.99	\$222.99

We recommend that water sleeves be used with every winter cover. See page 39 for details.

Supreme Covers

10 Year Limited Warranty

Our Supreme cover is made of heavy duty, extra durable woven polyethylene, which makes it the best cover available. It is also heavily coated with U.V. inhibitors, so it won't crack or rot due to the sun's rays. Resistant to closing chemicals and mildew.

Order #	Swim Area		Retail	NOW

Leaf Catcher Covers

Great for Spring & Fall

Leaf Catcher's mesh webbing catches any leaves and debris before they get on your cover. Simply remove in early October and your pool will be virtually free of leaves and debris next spring.

Great for pools with heavy tree cover.

- Protects your pool liner from debris
- Great for use during spring and fall
- Protects your pump from possible burn out due to clogging from leaves and debris
- Specifically sized for Kayak Pools®

Order #	Swim Area	Cover Size	NOW
CH669001	12' x 20'	16' x 24'	\$74.95

How to Order

Placing Your Order

We will be happy to take your order by telephone, fax or mail. When calling in your order, please have your credit card number, your name as it is printed on your credit card and expiration date. We recommend that you use our handy order form even when calling to insure the accuracy of your order.

If you are faxing or mailing your order, we ask that you print all the required information necessary to process your order. A handling charge will be added to each order. Additional handling fee will be added when noted. Orders delivered outside the contiguous United States will incur a special handling fee. New York State residents please add sales tax. If you are ordering an item that requires truck shipment, please call for freight quote.

To Order

Call Toll Free: 1-800-52-ORDER
(1-800-526-7337)

In New York: 716-683-7900
or Fax: 716-683-7800

or Mail to: Kayak Katalogue Corp.
2000 Commerce Parkwa
Lancaster, New York 14086

or Shop On-line: www.kayakpools.com

Method of Payment

We gladly accept: Visa, Mastercard, American Express, Discover, certified check or money order payable in U.S. funds. Personal checks will be held for ten business days before order is shipped. Do not send cash.

Order Processing

Most orders are processed within 48 hours. Delivery of all UPS shipments are according to schedule. Truck freight shipments may take longer. We ask that you order well in advance to accommodate possible delays.

Back Orders

In the unlikely event that an item is backordered, all in-stock items will be shipped without delay and a notation will be made on your packing slip denoting the backorder. All backordered items will be shipped as soon as they are in stock. If you wish to cancel a backordered item or make a substitution, please notify us immediately. Most backorders are filled within a 10 day period.

Rush Delivery

All next day and second day shipments must be placed before 12:00 pm (noon) EST, Monday through Friday. Shipping charges will be based on the type of service requested and total weight of the items purchased. Additional charges for Saturday delivery also apply.

Ground Delivery

Most orders will be shipped via UPS or USPS. It is important to consider where your packages are to be delivered. They generally will leave your packages on your doorstep if there is no one there to receive them. Handling fees apply to all orders within the continental United States. International shipments require special handling. Should damage or shortage occur, keep all packaging (box, envelope, etc.). UPS and USPS reserves the right to inspect packaging. Call for details.

Truck Shipment

In the event of a truck shipment, there must be someone at the shipping address to receive and sign for the shipment and provide unloading assistance. Please inspect all merchandise upon receipt. Any visible or concealed damage must be reported to the driver immediately.

YOU MUST NOTE ANY DAMAGE ON THE BILL OF LADING. If damage is not noted on the bill of lading, it will be the responsibility of the consumer to file a claim with the freight company. Call us immediately at 1-800-526-7337 to further report the damage.

If an error should occur on your order, please contact us immediately so that we may rectify the situation promptly. We are dedicated to provide you with first rate service and quality products.

Warranties

All Kayak Manufactured Products are handled directly by us. Please call us at 1-800-526-7337 for instructions. Should you need to claim warranty on all other products, please follow the manufacturer's warranty procedures that are included with that product.

Expectations

Kayak Katalogue prides itself on exceptional quality and workmanship of our products and personnel. Our shipments are carefully inspected before leaving our warehouse to minimize errors. Your business is extremely important to us—we will make every attempt to satisfy your needs.

We're Only Human

Sometimes during the katalogue production process, errors may occur. Therefore, we are not responsible for typographical errors or color variations. Color variations do occur during the printing process and therefore may be different from the product received. Every attempt is made to minimize these fluctuations. Prices subject to change without notice. Prior sales excluded.

Drop Shipments and Substitutions

If an item is temporarily out of stock, we occasionally drop-ship the item to you direct from the factory. If this is not possible, we will make an appropriate substitution of an equivalent product made by another manufacturer. If this cannot be made in a timely fashion, the item will be cancelled from your order and you will be credited accordingly.

Returns

We will be happy to refund or exchange items within the time frame and conditions outlined below:

- You must call within 10 days of receipt for a return authorization number. After 10 days, a 15% restocking charge will apply to returns issued a return number.
- We will accept returns within 30 days of the purchase date, with an RGA number. Returns received with an RGA number after 30 days will incur a 20% restocking fee.
- All items must be returned prepaid and insured.
- Any returned and or refused merchandise that is sent back without an authorization number will incur a 15% restocking charge if received within 30 days. No credit will be given after 30 days without a RGA number.
- Merchandise must be returned in the original carton or package with all manuals, warranty cards and parts.
- Used or defective items will be exchanged for the exact same item only.
- Freight charges on refused truck shipments other than damage will be the responsibility of the customer.
- All sales of videos, DVD's, manuals and chemicals are final. No returns will be accepted. All pool alarms and other electronic devices may not be returned for credit. If it is a warranty issue, it will be repaired or replaced according to the terms of the manufacturer's warranty.
- Liners may not be returned if opened. Measure carefully before ordering and check the outside of the box to confirm correct size before opening.
- Returns on custom orders will be accepted for manufacturers defects only.
- Pending inspection, an exchange, credit or refund will be issued for the value of the item(s) less restocking charge if applicable and any taxes charged. Shipping and handling fees are non-refundable.
- The above conditions also apply to all items ordered late in the season for use in the following year. Open all packages immediately and notify us of any discrepancies within 10 days.

* Not Shown

^To be used with glue and primer.

Cycolac Ball Valve

The perfect choice for flow control! Quick "on-off" ball valve that will replace common gate valves. Easy to use, gives fast response and dependable sealing. Dial Handle provides instant visual reading of valve's setting. No metal parts to corrode.

Ref#	Part #	Description	Price
1	FHP/SPX0735D	Handle 4 way	\$10.12
2	FHP/SPX0735F	Stem	\$7.12
3	FHP/SPX0735G	O-Ring, Stem	\$1.85
4	FHP/SPX0735GH	O-Rings, End Connector and Stem	\$6.89
5	FHP/SPX0735E	Assembly Nut	\$7.51
6	FHP/SPX0735P2	Teflon Ball Seal, Set 2	\$8.82
7	FHP/SPX0735B	End Connector-Threaded	\$14.08
8	FHP/SPX0735C	Ball	\$25.12
9	FHSP0735	Complete Cycolac Ball Valve	\$59.95

3-Way Ball Valve

All openings are fully unionized for quick disconnect; true ball valve. High corrosion resistance, excellent flow characteristics, maintenance free.

FPV0V3-1500U

Retail \$81.12 NOW \$79.50
